SELLING IT YOURSELF ISN'T THE PROBLEM. SELLING IT ALONE MIGHT BE.

Some homeowners sell their house alone,
many don't.

The difference usually isn't the house.
It isn't even the price.

✓ It's exposure.

✓ It's momentum.

✓ It's strategy.

✓ It's professional marketing.

✓ It's negotiation.

95%

OF BUYERS

have no idea your FSBO home is available.

Most FSBO homes are only visible to buyers searching the FSBO tab or driving by the sign.

That's not the market.
That's a missed opportunity.

EXPOSURE CREATES DEMAND.

The more qualified buyers who see your home, the stronger the demand.

Stronger demand leads to stronger offers, better terms, and higher net proceeds.

SUPPLY AND DEMAND DETERMINES VALUE.

Your home is one of many options. When fewer buyers see your home, supply increases and demand decreases. That puts downward pressure on price.

DEMAND GIVES YOU LEVERAGE.

When multiple buyers want your home, you control the negotiation. When buyers have options and yours isn't visible, you lose leverage.

THE FACTS: SUPPLY AND DEMAND

LOW EXPOSURE

Low Demand

✗ Fewer showings

✗ Fewer offers

✗ Less urgency

✗ Lower sales price

✗ Longer time on market

YOUR HOME

HIGH EXPOSURE

High Demand

✓ More showings

✓ More offers

✓ Higher urgency

✓ Stronger sales price

✓ Better terms, faster sale

Exposure isn't just a marketing tactic. It's the single biggest factor that impacts your final sales price.

THE REALITY OF TODAY'S MARKET

Selling a home today isn't simply placing a sign in the yard. Today's buyers discover homes through hundreds of digital touchpoints before they ever schedule a showing. If your marketing isn't reaching those buyers consistently, many of them never know your home exists.

WHEN INTEREST SLOWS, EVERYTHING SLOWS.

Momentum slows.

→

Showings slow.

→

Buyers assume something is wrong.

→

Eventually, even a great home begins to feel overlooked.

THE GOAL ISN'T SIMPLY TO LIST YOUR HOME.
THE GOAL IS TO KEEP QUALIFIED BUYERS
DISCOVERING IT EVERY WEEK.

BEFORE WE EVER LIST YOUR HOME... WE ANALYZE EVERYTHING.

Before a single photo is taken...
Before we talk about price...
Before we spend a dollar on advertising...

We build a strategy.

Because every home has strengths.
Every home has weaknesses.
Every neighborhood has opportunities.
And every buyer is looking for something different.

Our job is understanding all of it before we ever launch your home.

WE IDENTIFY

- ★ What makes your home different
- 🏠 What buyers are actually paying for.
- 🏆 Where your competition is winning.
- 🛡️ Where your competition is vulnerable.
- ❓ What buyers will likely question.
- ❤️ What buyers will love.
- 🎯 How to position your home to attract stronger offers.

THE DIFFERENCE

- 👤 Most people think marketing starts when a home goes live. Ours starts long before that.
- 📈 Because the biggest advantage in real estate isn't spending more money.
- 💡 It's making better decisions before launch.

WHAT WE ANALYZE

- ✔️ The Property
- ✔️ Current Market Conditions
- ✔️ Competing Homes
- ✔️ Pricing Strategy
- ✔️ Buyer Demand
- ✔️ Property Condition
- ✔️ Photography Opportunities
- ✔️ Drone Opportunities
- ✔️ Staging Opportunities
- ✔️ Marketing Opportunities
- ✔️ Buyer Objections
- ✔️ Neighborhood Strengths
- ✔️ School District Appeal
- ✔️ Search Competition
- ✔️ Timing
- ✔️ Buyer Psychology

“
Every home has opportunities.
Our job is finding them.”

WHY THIS MATTERS

PRE-LISTING PREP.

THE DIFFERENCE BETWEEN A HOME THAT SITS AND A HOME THAT SELLS.

Buyers make decisions within seconds.
We make sure those seconds work in your favor.

Before your home hits the market, we prepare it to stand out, show better, and sell faster.

You only get one first impression.
We make it count.

90%+

OF BUYERS

search online before ever stepping foot in a home.

The more prepared your home is online, the more serious showings you get.
Preparation gets more eyes. More eyes brings more offers.

WE PREPARE IT TO SHOW.

- ✓ Identify and elevate your home's best features.
- ✓ Declutter and depersonalize key spaces.
- ✓ Recommend repairs and improvements that deliver ROI.
- ✓ Enhance curb appeal and exterior impact.
- ✓ Professional photos, drone, and video.

WE PREPARE IT TO COMPETE.

- ✓ Analyze competing homes and positioning.
- ✓ Fine-tune pricing strategy for maximum buyer interest.
- ✓ Craft a marketing plan designed to stand out.
- ✓ Highlight what makes your home different.
- ✓ Position your home for the right buyers.

WE PREPARE IT TO SELL.

- ✓ Anticipate buyer objections and address them up front.
- ✓ Stage strategically for emotional connection.
- ✓ Create a clear path from online interest to in-person showing.
- ✓ Build excitement before it hits the market.
- ✓ Launch with maximum impact.

WHAT BUYERS NOTICE FIRST

- | | | |
|--|--------------------------------|------------|
|  | Overall presentation of photos | 1-7 sec |
|  | Curb appeal in first photo | 8-15 sec |
|  | Key rooms and layout | 16-30 sec |
|  | Price compared to value | 31-45 sec |
|  | Comparing to other options | 46-60+ sec |

Every detail should work together to earn that showing.

EVERYWHERE BUYERS ARE

WHY THE FIRST 7 DAYS MATTER

**NEW LISTINGS
GET PRIORITY**
MLS platforms, search engines, and real estate websites give new listings premium placement for the first 7 days.

**ATTENTION IS
AT ITS HIGHEST**
Buyers are most active at the start. We capture this window when buyers are looking and ready to act.

**MOMENTUM IS
EASIEST TO CREATE**
More exposure early means more showings, stronger offers, and better results.

“The first 7 days set the tone for the entire 30-day strategy. We treat this week like it’s the Super Bowl.
BECAUSE IT IS.”

WE MEASURE EVERYTHING THAT MATTERS

We track every key indicator from day one so we can make smart, data-driven decisions and adjust quickly when needed.

WE DON'T
GUESS.
WE MEASURE.

DATA DRIVES BETTER DECISIONS.

During your first seven days on the market, we begin collecting the information that tells us exactly how buyers are responding to your home.

- Not opinions.
- Not assumptions.
- Real buyer behavior.

This is where our strategy begins separating itself.

EVERY 7 DAYS YOU RECEIVE

DELIVERED WEEKLY
Every 7 days, you receive a full performance report.

EASY TO UNDERSTAND
We break down the data, explain what it means, and grade it.

ACTIONABLE STRATEGY
We recommend the next best move to maximize your results.

WHAT THE DATA IS TELLING US

The numbers themselves don't sell your home. Understanding them does. Every recommendation we make is backed by buyer activity, market response, and measurable performance.

POSSIBLE ADJUSTMENTS WE CAN MAKE

PRICE POSITION

Right adjust our price to attract more qualified buyers.

PHOTOGRAPHY

Update or add photos to increase appeal and engagement.

Buyer Engagement

Traffic Sources

Marketing Performance

Agent Activity

Buyer Feedback

Competition

That's how better decisions get made.

THE RESULT

By the end of Week One, we're no longer guessing what buyers think.

WE KNOW.

And Week Two becomes focused, intentional, and far more effective.

WEEK TWO

WHAT IS THE MARKET TELLING US?

ADJUST. IMPROVE.
BUILD MORE MOMENTUM.

By Week Two, we’ve collected enough real-world buyer data to stop making assumptions and start making informed decisions.

Every showing, every inquiry, every saved home, and every piece of buyer feedback helps us understand how the market is responding to your home.

Now we refine the strategy.

WE TAKE ACTION IN WEEK TWO

EXECUTE ADJUSTMENTS	PROMOTE AGAIN	ADVERTISE AGAIN	REVERSE PROSPECTING	EMAIL AGAIN	SOCIAL CAMPAIGN	OPEN HOUSE (IF APPROPRIATE)	DATA DRIVEN DECISIONS
We implement every agreed change to improve performance and results.	We promote your home to increase visibility and keep it top of mind.	We launch new and retargeted ads to reach more buyers and drive traffic.	We reach out directly to our database of buyers looking for homes just like yours.	We send another email blast to our network of 150+ Realtors and key buyer contacts.	We increase social media exposure across all platforms to attract more attention and shares.	We host or promote an open house if the data shows it will bring more qualified buyers.	Every action we take is based on data—not guesswork. We do what the numbers say.

IF WE HAVEN'T RECEIVED AN OFFER YET...

The question isn't:

“What went wrong?”

The question is:

“What is the market telling us?”

We’re looking for opportunities to improve, not reasons to panic.

WE ANALYZE

- Are buyers finding your home?
- Are they scheduling showings?
- Are they touring the property?
- Are they leaving without making an offer?
- Is pricing positioned correctly?
- Has another nearby home become stronger competition?
- Are buyers raising the same concerns repeatedly?
- Are our marketing campaigns reaching the right audience?

THEN WE EXECUTE

Every adjustment we agreed upon during Week One is put into action.

- Refine the marketing strategy
- Increase exposure
- Expand advertising
- Promote across social media
- Continue email marketing
- Reverse prospecting
- Schedule an Open House, if appropriate
- Improve the presentation where needed

Every change has one purpose:
Generate more buyer demand.

WEEK TWO REVIEW

At the end of Week Two, you’ll receive another detailed performance report showing:

- What’s improved
- What’s still limiting activity
- What buyer feedback is telling us
- How your home compares with competing homes
- Our recommendations for Week Three

OUR GOAL

We’re not looking for problems. We’re looking for opportunities. Every adjustment is designed to create more exposure. More buyer activity. More momentum.

Better offers.

“ The market gives us answers every day. Our job is knowing how to read them. ”

MEASURE. ANALYZE.

WE EXPLAIN WHAT IT MEANS. WE RECOMMEND WHAT'S NEXT.

WHY DAY 30 MATTERS

MOST SELLERS DON'T KNOW THIS.

Zillow only displays the **PREVIOUS 30 DAYS** of views and saves.

That means a listing at Day 100 isn't showing 100 days of momentum. — It's only showing Days 70—100.

WHY THIS HURTS PERCEPTION

- ✓ Low views and saves make a home look unwanted.
- ✓ Buyers assume something is wrong.
- ✓ It reduces showings, offers, and urgency.
- ✓ Over 80% of buyers start their search on Zillow.
- ✓ First impressions are everything.

After 30 days, our goal is to reset the clock, restore momentum, and make your home look **in-demand** again.

THE TOTAL REFRESH

A BRAND-NEW
LAUNCH.

When the data shows we need a reset, we don't make small tweaks — we hit the reset button.

We relaunch your home with a Total Refresh designed to create new attention, new energy, and new demand.

- ✓ NEW PHOTOGRAPHY
- ✓ NEW COPY & HEADLINE
- ✓ NEW GRAPHICS & VIDEO
- ✓ NEW AD CAMPAIGN
- ✓ NEW MLS PRESENTATION
- ✓ NEW SOCIAL CAMPAIGN
- ✓ NEW TARGETING STRATEGY
- ✓ FRESH MOMENTUM

We relaunch like it's day one. Because it is.

WE DON'T JUST KEEP LISTING HOMES. WE KEEP THEM MOVING FORWARD.

DATA. STRATEGY. EXECUTION. RESULTS.

WEEK FOUR

WHY THIS STRATEGY WORKS.

NEW MOMENTUM.
NEW OPPORTUNITY.

We build this strategy for one reason: more exposure, more showings, more serious buyers, and more opportunities to get your home sold.

Every step in this 30-day system is designed to create momentum, attract more qualified buyers, stand out from the competition, and produce real results.

This isn't guesswork. It's a proven process that gets homes sold.

LET'S GET DIFFERENT RESULTS.

If you're ready to have a professional team behind your sale... We'd love the opportunity to show you exactly how we would market your home.

NO OBLIGATION. NO PRESSURE.

Just a customized strategy built around your home.

WALK THE PROPERTY.

We'll walk through your home and evaluate every detail, feature, and opportunity.

ANALYZE THE COMPETITION.

We'll review the current market, compare similar homes, and identify the best position for your home.

BUILD YOUR PLAN.

You'll receive a customized marketing plan with our strategy, timeline, and recommendations.

THEN, IF WE'RE THE RIGHT FIT...
We'll get to work.
